Marked Claims for U.S. Serial No. 09/619,220

26. (Amended) A hand-held RFID device, comprising as an integrated unit:

- (a) a computer;
- (b) an antenna to transmit commands between an RFID tag and an RFID reader;
- (c) an RFID reader for reading information from multiple RFID [elements]tags substantially simultaneously; and
- (d) a display.

27. (Amended) The hand-held RFID device of claim 26, further comprising:

- [(d)](e) an RFID writer for transmitting information to an RFID element for storage therein.

28. (Amended) The hand-held RFID device of claim 26, further comprising:

- [(d)](e) a data transfer system for transferring data from the RFID device to a separate database.
